A BILL TO BE ENTITLED

AN ACT

relating to interactions between law enforcement and individuals detained or arrested on suspicion of the commission of criminal offenses and the confinement or release of those individuals prior to prosecution.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF TEXAS:

ARTICLE 1. SHORT TITLE, PREAMBLE, AND FINDINGS

SECTION 1.01. SHORT TITLE. This Act shall be known as the Sandra Bland Act in memory of Sandra Bland.

SECTION 1.02. PREAMBLE. The events leading up to Sandra Bland's unnecessary jailing and tragic death sparked statewide and national outrage. The House Committee on County Affairs held several hearings during the interim to discuss the circumstances and policies that led to her death. The Sandra Bland Act aims to improve and correct Texas' criminal justice system to make it better for all people and prevent future tragedies like Sandra Bland's.

SECTION 1.03. FINDINGS. After the tragic death of Sandra Bland the House Committee on County Affairs held multiple hearings during the interim of the 84th Texas Legislative Session. The County Affairs Committee reviewed the facts, circumstances, and policies that played a factor in the death of Sandra Bland. The Committee found that there are significant racial disparities in how the Texas Department of Public Safety treats
Blacks when compared to Whites after they have been pulled over for a traffic violation. The Committee also found that the way DPS records and presents the data needs to be improved. This Act will address these problems by strengthening Texas' racial profiling law, as well as ensuring that the data Texas collects is robust, clear, and accurate.

The Committee found reason to believe that Sandra Bland and many other people are still being stopped for an underlying pretext. Though pre-textual stops are not the policy of DPS, Texas law needs to be strengthened to ensure that it does not happen at DPS or any other law enforcement agency in Texas. The Sandra Bland Act does this by explicitly outlawing the practice of pretext stops, as well as outlawing consent searches, and raising the burden of proof needed to both stop and search vehicles in Texas. These changes will ensure the rights of all are better protected.

Additionally, the Committee found that it would be beneficial to the public that all law enforcement would use de-escalation tactics in all interactions with the public. The officer escalating the routine traffic stop was the catalyst for the events that led to the death of Sandra Bland. Implementing policies that better train officers to de-escalate interactions with the public will keep us all safer and prevent future tragedies.

The Committee also found that far too many people are being brought to jail and remaining there unnecessarily like Sandra Bland. The Committee found that policies of diverting people who are in crisis and running afoul of the law either due to their mental health or substance abuse would be better served being
diverted into treatment, rather than cycled through the jail system and released with the same problems that caused them to get arrested previously. The Committee found suspending medical benefits upon detention instead of terminating them to ensure there are not gaps in treatment would help elevate this revolving door problem.

Sandra Bland was also arrested for a fine-only offense. It is not logical and potentially unconstitutional to send someone to jail for an offense that carries no penalty of jail time. Sandra Bland, like many people currently in jail waiting for their trial, are unable to pay their bail. Many of these individuals pose no risk to the community nor are they a flight risk. Yet, the Committee found that county jails are spending millions of dollars every year combined to house these inmates who have yet to be proven guilty. Hence, this Act will increase diversion by creating policies to encourage it, and supporting funding for places where people can be diverted to. Additionally, this Act will create policies aimed at properly increasing the use of personal recognizance bonds. If these policies would have been in place, there is good reason to believe Sandra Bland would still be alive.

The Committee found that Sandra Bland died in jail because our jails are not as safe as they could be, and that people who have yet to be proven guilty and even those proven guilty should not be subject to the dangers found in our jails. To address that issue this Act improves training for our jailers, requires jails to have medical personnel present and access to a mental health professional either in person or through telemental health at all times, and automated electronic sensors to ensure accurate cell
checks. This Act also creates a grant program to ensure that all County jails will be able to afford these necessary changes.

ARTICLE 2. IDENTIFICATION AND DIVERSION OF PERSONS SUSPECTED OF HAVING MENTAL ILLNESS OR INTELLECTUAL DISABILITY

SECTION 2.01. Article 16.22, Code of Criminal Procedure, is amended to read as follows:

Art. 16.22. EARLY IDENTIFICATION OF DEFENDANT SUSPECTED OF HAVING MENTAL ILLNESS OR INTELLECTUAL DISABILITY [MENTAL RETARDATION]. On a determination that there is reasonable cause to believe that the defendant has a mental illness or is a person with an intellectual disability [mental retardation], the magistrate, except as provided by Subdivision (2), shall order the local mental health or intellectual and developmental disability [mental retardation] authority or another qualified mental health or intellectual disability [mental retardation] expert to:

(A) collect information regarding whether the defendant has a mental illness as defined by Section 571.003, Health and Safety Code, or is a person with an intellectual
disability [mental retardation] as defined by Section 591.003, Health and Safety Code, including information obtained from any previous assessment of the defendant; and

(B) provide to the magistrate a written assessment of the information collected under Paragraph (A).

(2) The magistrate is not required to order the collection of information under Subdivision (1) if the defendant in the year preceding the defendant's applicable date of arrest has been determined to have a mental illness or to be a person with an intellectual disability [mental retardation] by the local mental health or intellectual and developmental disability [mental retardation] authority or another mental health or intellectual disability [mental retardation] expert described by Subdivision (1). A court that elects to use the results of that previous determination may proceed under Subsection (c).

(3) If the defendant fails or refuses to submit to the collection of information regarding the defendant as required under Subdivision (1), the magistrate may order the defendant to submit to an examination in a mental health facility determined to be appropriate by the local mental health or intellectual and developmental disability [mental retardation] authority for a reasonable period not to exceed 21 days. The magistrate may order a defendant to a facility operated by the Department of State Health Services or the Health and Human Services Commission [Department of Aging and Disability Services] for examination only on request of the local mental health or intellectual and developmental disability [mental retardation] authority and with the consent of
the head of the facility. If a defendant who has been ordered to a
facility operated by the Department of State Health Services or the
Health and Human Services Commission [Department of Aging and
Disability Services] for examination remains in the facility for a
period exceeding 21 days, the head of that facility shall cause the
defendant to be immediately transported to the committing court and
placed in the custody of the sheriff of the county in which the
committing court is located. That county shall reimburse the
facility for the mileage and per diem expenses of the personnel
required to transport the defendant calculated in accordance with
the state travel regulations in effect at the time.

(b) A written assessment of the information collected under
Subsection (a)(1)(A) shall be provided to the magistrate not later
than the 30th day after the date of any order issued under
Subsection (a) in a felony case and not later than the 10th day
after the date of any order issued under that subsection in a
misdemeanor case, and the magistrate shall provide copies of the
written assessment to the defense counsel, the prosecuting
attorney, and the trial court. The written assessment must include
a description of the procedures used in the collection of
information under Subsection (a)(1)(A) and the applicable expert’s
observations and findings pertaining to:

(1) whether the defendant is a person who has a mental
illness or is a person with an intellectual disability [mental
retardation];

(2) whether there is clinical evidence to support a
belief that the defendant may be incompetent to stand trial and
should undergo a complete competency examination under Subchapter B, Chapter 46B; and

(3) recommended treatment.

(c) After the trial court receives the applicable expert's written assessment relating to the defendant under Subsection (b) or elects to use the results of a previous determination as described by Subsection (a)(2), the trial court may, as applicable:

(1) resume criminal proceedings against the defendant, including any appropriate proceedings related to the defendant's release on personal bond under Article 17.032;

(2) resume or initiate competency proceedings, if required, as provided by Chapter 46B or other proceedings affecting the defendant's receipt of appropriate court-ordered mental health or intellectual disability [mental retardation] services, including proceedings related to the defendant's receipt of outpatient mental health services under Section 574.034, Health and Safety Code; or

(3) consider the written assessment during the punishment phase after a conviction of the offense for which the defendant was arrested, as part of a presentence investigation report, or in connection with the impositions of conditions following placement on community supervision, including deferred adjudication community supervision.

(d) This article does not prevent the applicable court from, before, during, or after the collection of information regarding the defendant as described by this article:

(1) releasing a defendant who has a mental illness
mentally ill] or is a person with an intellectual disability
[mentally retarded defendant] from custody on personal or surety
